III: Conferences, Symposia, Exhibitions and Lectures

The DBT star program provided a Platform for both vertical and horizontal interaction for both faculty & students with eminent scientists through organization of conferences/symposia/workshops. Visit to research institutes (both academia & industry) for students, faculty and technical laboratory staff educated them about setup and organization of any modern research laboratory. Cross-talk among the participating departments promoted trans-disciplinary activities. Cross-talk among the departments of various Star status colleges within Delhi/NCR region has helped us promote the inter-collegiate interactions of the students as well as the faculty.

List of exhibitions/seminars/training courses conducted by the college:

Conferences, Seminars and Exhibitions

S. No.	Title	Department Conducted	Number of participants	Convenor(s)	Duration
