BRIEF INFORMATION ABOUT THE ACTIVITY (CRITERION NO. - ):

TOPIC/SUBJECT OF THE ACTIVITY	<b>Annual Magazine of Biological Sciences "Verdure" First and Inaugural Edition</b>
OBJECTIVES	Verdure is the annual departmental magazine of Biological Sciences which was brought into existence in 2017 with the aim of giving the students a creative medium to express themselves. The content of the magazine ranges from reports of intriguing scientific discoveries to interviews, socially relevant articles, facts, puzzles, and even career related guidance.
METHODOLOGY	The editorial board, comprising of student editors and designers along with faculty editors overlook the entire editing, designing and compiling process. Submissions are invited from all the students of the department and include articles, interviews, internship experiences, artworks, poems, etc.
OUTCOMES	The editorial team brings out a magazine every year, generally with a central theme around which the cover, illustrations and most of the articles are centered. Verdure refers to 'the greenness of growing vegetation'. Therefore, the core aim of this magazine is to 'grow' and expand into a marvelous journey in understanding biology. Being the first edition, this magazine pioneer's growth towards new areas that have not been experienced yet, hence 'The Start of Something Beautiful'. The magazine serves as a representation of what the department of biological sciences stands for; science, creativity and freedom.
