sugar, Hemoglobin
Hospital

HIGHLIGHTS 2017-2018

The Zoological society has proudly organised many successful series of lectures and event every year. The year 2017-18 followed the same suit.

Dr. Pankaj Seth from NBRC, New Delhi delivered a highly factual and interesting lecture on "NeuroAids". The lecture made everyone aware about this version of AIDS and guided the audience through different research aspects in the field.

A Health Camp was organised in collaboration with Fortis Hospital, as a means of increasing awareness amongst people about health and wellbeing. The camp saw enthusiastic participation by other fellow departments as well.

The Fifth Edition of the annual magazine 'Phoenix' was released by Dr. Pankaj Seth. Encompassing latest advancements in the scientific field and informative articles from varied disciplines such as Physiology, Immunology, Environment etc.

As a creative and productive activity a workshop on 'Bird Nest making' was organised by Eco Roots foundation of India. The workshop taught the audience about artificial nests and how to build them from scratch using jute cloth, straws and rings.

An event thoroughly enjoyed by teachers and students alike was the interactive outdoor game 'Organ-O-War' conducted by the students of the zoology society. This included multiple games -brain games and physical games- being played in a relay format.

2018 saw an interesting lecture titled "How to make a Drug" by Dr. Jasminder Sahi, Senior director at Sanofi, China. The lecture aided students in understanding the various procedures utilised in biotechnology and Dr Sahi guided many of us through our scientific enquiries.
