EVOLVERE E-FEST 2020

This year's event held on the 5th of November, 2020 hosted a compelling international e-talk on "Principles and implications of drug resistance against drugs used for the treatment of HIV and hepatitis C" by Dr. David van De Vijver, Viroscience Department, Rotterdam, Netherlands.

The theme of the event centered on the ongoing pandemic that involved a lot of interactive activities for the students, notably, Meme-a-thon, a meme-making competition, mask painting and a highly engaging and competitive quiz BRAINFURY. The activities boasted enthusiastic participation from students as well as teachers and managed to recapture the spirits of in-person interaction.
