BRIEF INFORMATION ABOUT THE ACTIVITY

| | |
|--------------------------------------|---|
| TOPIC/SUBJECT OF THE ACTIVITY | Workshop cum awareness programme on Solid Waste Management |
| OBJECTIVES | The objective of this workshop was to create awareness about the best practices for Solid Waste management. This workshop cum awareness programme was organised to reach out to the students as well as to community to make them learn about the problems of unsegregated waste, contamination of waste from landfills, pollution and climate change problems. To make them learn the technique of composting and thereby following the sustainable environmental practices. To sensitize the students |

| | |
|---|--|
| | about environmental issues and sustainable development, an online environmental awareness quiz was also conducted. |
| METHODOLOGY | An online workshop was conducted by Smt. Vani Murthy, founder member of Solid Waste Management Round Table (SWMRT), Bengaluru. The event was conducted successfully through interactive slides, lecture, Live demo and a quiz on environmental awareness. |
| INVITED SPEAKERS WITH AFFLIATION DETAILS (IF ANY) | Smt. Vani Murthy , popularly known as ' Compost Queen 'and founder member of Solid Waste Management Round Table (SWMRT), Bengaluru |
| OUTCOMES | <ul style="list-style-type: none"> ● Participants understood the importance of sustainable environment and developmental practices. ● Participants learnt about composting and three Rs i.e Reduce, Reuse and Recycle. ● An additional “R” Refuse was introduced in the workshop. The participants were sensitized on the need to refuse the use of plastics, polymers and other articles detrimental to the environment. ● Doubts regarding the same were cleared in the Q&A session. ● Final round of the Environmental awareness quiz was conducted through online video game platform ‘KAHOOT’ and the winners were announced. ● The event concluded with the announcement of office bearers for the Life Sciences Society- Adhibhuta. |

ACTIVITY REPORT

Adhibhuta- the Life Sciences Society of Sri Venkateswara College organised a workshop *cum* awareness programme on Solid Waste Management on the 16th of September, 2021, to raise environmental awareness amongst the participants. Smt. Vani Murthy, popularly known as ' Compost Queen 'and founder member of Solid Waste Management Round Table (SWMRT), Bengaluru, was the speaker for this online workshop. The event commenced with the introductory remarks by Dr. Sharda Pasricha, Coordinator Life Sciences. Following a brief introduction of the purpose of the workshop, Dr. Rekha Yadav announced the qualifiers of the preliminary rounds of Environment Awareness Quiz that was conducted a day before. This was followed by a succinct introduction of the speaker by Dr. Rangarajan Mohan. The virtual workshop was held on the platform of MS TEAMS and was attended by more than 100 participants. The workshop began with the speaker mentioning her journey from an ordinary citizen to an environmental activist, and about the alarming and concerning issues around her that propelled her to be more environment conscious. She addressed the mismanagement of the household waste. This unsegregated waste is dumped into landfills which in turn grows into mountains of garbage over the years, a lot of which are already visible in the outskirts of prominent cities. She highlighted how the leakage from landfills contaminates nearby water, soil and even air. She emphasised the importance of education and awareness in preventing environment degrading activities and stressed that it is high time for all of us to make lifestyle changes in our daily life to contribute positively towards sustainable development. She performed a demo and mentioned all the utilities, she carries in her purse, which are plastic free such as a metal straw, a thermos for drinking water and a cloth bag for daily groceries. She appraised the participants about harmful effects of kitchen cleaners, dish washing liquids, laundry detergents and toilet cleaners. She suggested replacing them with Bioenzyme. She demonstrated how Bioenzyme can be prepared and used by the community. This was followed by an informative demonstration on composting where the speaker informed us about the process and science behind composting. Finally, she concluded her talk by mentioning how it was the youngsters who can work to bring about a change in the world and how our practices dating back to a few years were very sustainable. She stressed on the importance of doing sustainable practices and that the time and effort would be rewarding to us and the planet. Following this, the principal of the college, Prof. C. Sheela Reddy thanked the speaker for her insightful session and congratulated her on making us more aware about our surroundings. After the workshop, a Q & A session was chaired by Dr. Neeti Mehla and many thought-provoking questions were asked, with the overall session being very stimulating. The workshop concluded with the Vote of Thanks presented by Dr Tabassum Afshan, thanking all esteemed guests, faculty members and participants of the event. Following this, the final round of the quiz on environment awareness was organised by students of life sciences and coordinated by Dr. P. Jayaraj, Dr. Ajaib Singh and Dr. Rekha Yadav. The final round of the quiz was conducted on KAHOOT the online video game platform . The session ended with the announcement of the results of the elections of post bearers for the Life Science Society.

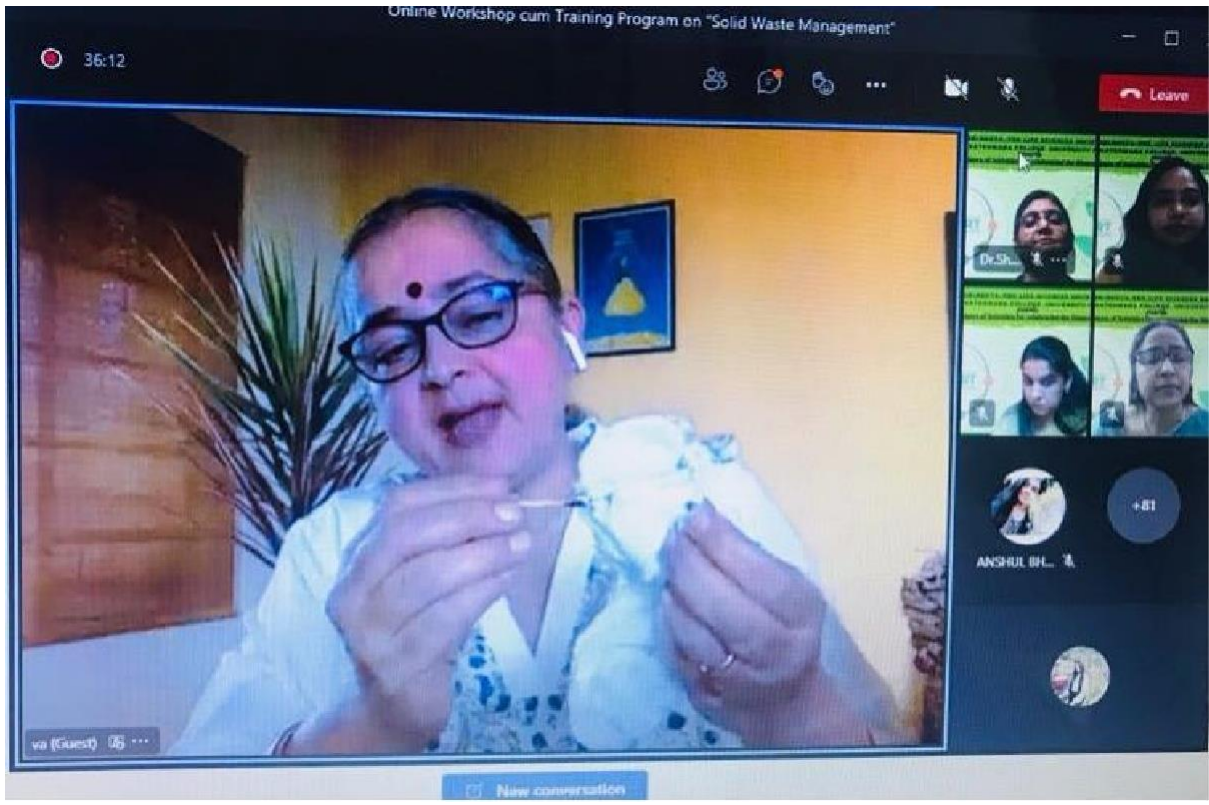

PROOFS: PICTURES FROM THE EVENT

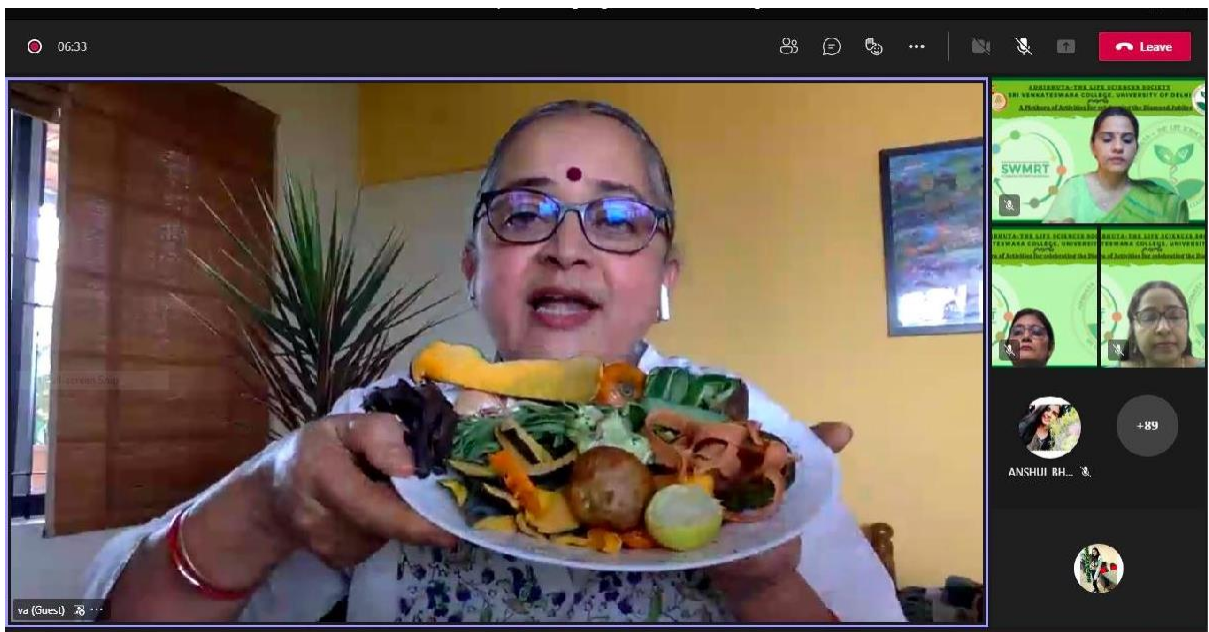

The speaker- Ms. Vani is welcomed.

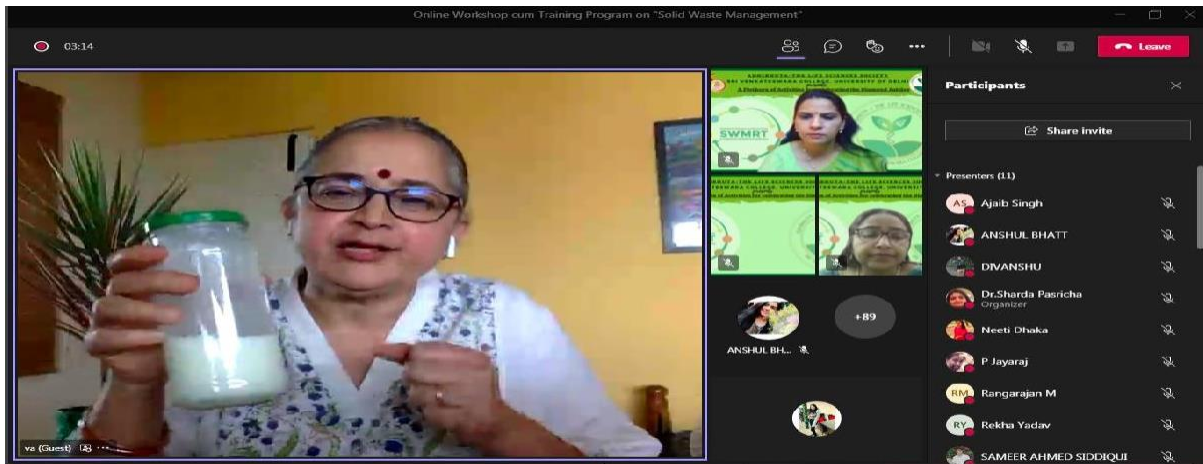

Welcome note is given by Dr. Sharda Pasricha.

ADHIBHUTA-THE LIFE SCIENCES SOCIETY
SRI VENKATESWARA COLLEGE
UNIVERSITY OF DELHI
presents

A Plethora of Activities for celebrating the Diamond Jubilee

An online workshop cum awareness programme on-
" SOLID WASTE MANAGEMENT"

By Ms. Vani Murthy
The "Queen of Compost" and a renowned urban farmer

Founder member, Solid Waste Management Round Table (SWMRT), Bengaluru.
She started her SWM journey in 2008 with the Wealth out of Waste program and started making awareness activities for her co-citizens in Malleswaram. She is a founding member of We Care for Malleswaram.

MAJOR ATTRACTIONS!

- A fullfledged online workshop that outlines the importance of composting with practical hands on activities!
- An interactive fun, on the spot quiz for the participants to enhance the learning in a fun way!
Prelims-5:00 p.m.,15th September on Teams
Final round-16th September- Interactive KAHOOT Quiz
- Exciting prizes to be won in the contest!
Certificates for all participants
