

Workshop on E-waste 14th and 15th September

It was a two day workshop from 10 am to 3:30 pm in Hartron facility in Haryana. Around 20 people were there to attend the event (undergraduate students from Sri Venkateswara College, postgraduate students Starex University, school teachers from Sri Venkateshwara Global School). Our mentor who conducted the workshop was Saitek Mukherjee.

He discussed about various topics on E- waste like what is E-waste, how it harms when it is segregated by incorrect methods (like processor chips are burned which causes the chemicals in the chips like cadmium ,nickel, etc. to release harmful fumes in environment). They made us watch short films on how this business of E-waste promotes child labour in slums and innumerate health hazards of this business to the workers and environment. After every presentation there was quiz on the topic to make it interesting for the audience. Other activities were conducted and we were divided into teams in and were asked to present an action plan for the same.
