BRIEF INFORMATION ABOUT THE ACTIVITY (**CRITERION NO. -**):

TOPIC/SUBJECT OF THE ACTIVITY	Orientation Ceremony
OBJECTIVES	To spread awareness amongst the students of Sri Venkateswara College about our cause and our commitment to bridging the gap between PWD students and the mainstream society.
METHODOLOGY	Posters and messages were circulated in various class and students groups across the college and students were cordially invited to attend this enriching session. Registrations for the same were accepted in Google forms and a WhatsApp group was formed to provide details of the event. The event took place on 3rd February, 2021 and was attended by over 150 students from across the college on the online platform Microsoft Teams. Honorable Principal Prof. C. Sheela Reddy graced this occasion and encouraged the participants with her motivating words
OUTCOMES	The students were enthralled by the ceremony and the way in which our society worked for the betterment and advancement of the PWD students of our college.

Summary

This orientation ceremony was organised by the Equal Opportunity Cell of Sri Venkateswara College to make the students of the college aware about how this society functions and what are its main motives and objectives. We at EOC strive to create an atmosphere of equality for differently abled students through our community and focus on bridging the gap between differently abled students and mainstream society. The society also focuses on the academic discourses to sensitise the college community. Extra-curricular activities are conducted to bring knowledge and awareness among the student community. We also ensure and oversee the effective implementation of policies and programmes for disadvantaged groups and also provide guidance and counselling concerning academic and other matters and try to enhance the diversity in the campus.

All these details about our society, its functioning and its undertaking of developing activities were duly explained to the students who took part in this session through a well- designed and formatted PowerPoint presentation. In this session some PWD students also participated and shared their experiences about how they feel and face in the society and how discrimination creates an inferiority complex in them and the ways in which they feel lonely and separated from the society.

Some PWD students with excellent academic record and extraordinary achievements were also invited to share their tedious journey of immense hard work, and perseverance filled with a lot of dedication and their stories of success. They inspired the participants as to how people need to look at their deformities and impairments positively. One of these students even went on to say that disability is there in our minds and if we conquer it then no physical or any kind of barrier can stop you from getting what you aspire for.

Honorable Principal Dr. C Sheela Reddy also graced the occasion. Her encouraging words filled the students with inspiration. She also promised on the behalf of college to provide the society with all the requisite facilities.

Overall the session was a grand success and we received positive feedback from the participants.

01 STUDY RELATED ASSISTANCE

TYPE

VOLUNTEERS NEED TO TYPE BOOKS AND READERS PROVIDED TO THEM.

LISTEN AND STUDY

VISUALLY IMPAIRED STUDENTS THEN USE SCREEN READER SOFTWARE TO LISTEN TO THEM AND STUDY.

02 ACCESSIBILITY AND MOBILITY

PWD STUDENTS REQUIRE SPECIAL ATTENTION TO THE LAYOUT OF CAMPUS TO DETERMINE IF THE COLLEGE IS ADEQUATELY ACCESSIBLE OR NOT. IT IS VERY IMPORTANT FOR A COLLEGE TO HAVE SPECIALLY DESIGNED ACCESSIBILITY AND MOBILITY ARRANGEMENTS FOR FREE MOVEMENT AND NAVIGATION IN THE COLLEGE PREMISES.

ANNUAL SEMINAR OF EOC 2019-2020

We organized EOC's annual seminar on 6th November, 2019 on the topic **FAKE NEWS AND MISINFORMATION AND WAYS TO CHECK IT**. Mr. Kartikay Harbola was the honourable chief guest of this session. Mr. Harbola, a renowned journalist, is a member of the Lok Sabha Secretariat, as well as a speaker of the media team under current Lok Sabha Speaker Mr. Om Birla. The guest speaker addressed the students to the issue of fake news circulation and misinformation and ways to curb it.

01 STUDY RELATED ASSISTANCE

Education, particularly inclusive education, is able to reduce discrimination through enabling students with and without disabilities to grow up together. Education provides differently abled students with skills that allow them to become positive role models and join the employment market.

Volunteers help PWD students in their day to day studies by aiding them with adequate arrangements for their comfortable learning in a conciliatory environment. This helps in the growth of their academic career.

We organised a trip to Madhavgarh Farms surrounded by the magnificent view of Aravalli Range. We did a lot of activities like camel ride, tractor ride, mud bath, head massage, bullock cart ride, pottery making, dairy farming, pottery painting, live DJ etc. It also included adventure activities like zip line, highest commando net, rock climbing, rappelling wall, etc. That day students had a lot of fun and it was a memorable journey.

FURTHER PROSPECTS

- We are planning to conduct Inter-college Sports Tournaments and meets. Through sports, PWD students would acquire vital social, physical and psychological skills, develop independence, and become empowered to act as agents of change.
- We are also planning to constitute a help desk during admissions that could help PWD students in form filling and other admission related assistance.
- We are also looking to install number plates in braille script outside the classrooms for easy identification of classes for visually impaired students.
- For wheelchair students we are requesting our college to construct special washrooms and also an EOC room for all kinds of paperwork and meetings.
