Criterion III	Research, Innovations & Extension	Criterion VII	Institutional Values & Best Practices
Criterion IV	Learning Resources and Infrastructure		

## PROOFS

### Summary Report

We at EOC strive to create an atmosphere of equality for differently abled students through our community and focus on bridging the gap between differently abled students and mainstream society. The society also focuses on the academic discourses to sensitise the college community. Extra-curricular activities are conducted to bring knowledge and awareness among the student community. We also ensure and oversee the effective implementation of policies and programmes for disadvantaged groups and also provide guidance and counselling concerning academic and other matters and try to enhance the diversity in the campus.

For all these tasks the society needs a spirited team who not only can undertake these tasks but also understand the difficulties and societal prejudices associated with differently-abled students. The motive to create this team is to provide a holistic support to the PWD students which is carried out extensively by our volunteers. Pwd students find their best friends in these volunteers and this establishes a strong bond between them. Our society is not just a team but a family and our volunteers make it complete and beautiful.

To get an entry into this family students have to fill the registration forms and face interviews. Google forms had been circulated where student could fill in the requisite details within a fixed date. The registrants were added to a WhatsApp group where further society messages and information were circulated. This interview was mostly a personality test and the question was designed in such a way as to understand what the interviewee thought and felt about disability. The questions were thoughtful and contemplative. The students were put into real-life situations and tested on the basis of how they would themselves react to these and what would be their stance on it. Feedbacks as well as suggestions were also taken from students as to how they felt facing the panel and they were of the view that it was a great learning experience for them. The panel also encouraged suggestions from the interviewees as to how they feel we can make this cell more wide-ranging and its further development.

The interview session continued for 8 days and finally out of around 150 candidates registering for the interviews, 67 candidates made it. They were inducted into the volunteers group.

**INTERVIEW MESSAGE (this message was circulated to the ones who had registered for the interview)**

\*Attention Everyone\*

\*We will kick start the recruitment interviews from tomorrow i.e. 9th February, 2021, Tuesday from 4 pm onwards.\*

It is mandatory for everyone to participate in the interview to get a chance to be a part of this society.

Interview slots have been decided accordingly and you are required to be present at the exact time and join the meeting through the meeting link when asked to join. Requests for postponing or rescheduling the time or change in slots will not be entertained.

The meeting links will be provided tomorrow.

\*Please adhere to the instructions.\*

All the best to everyone

Regards  
Team EOC
