		Eco-club	Dr. Vartika Mathur Dr. G P C Rao Dr. Pooja Gokhale Sinha
TIME	VENUE	NUMBER OF PARTICIPANTS	NATURE: Outdoor/Indoor
SUPPORT/ASSISTANCE:	Collaboration with Department of Pulmonary Medicine and Sleep Disorders, AIIMS, New Delhi		

BRIEF INFORMATION ABOUT THE ACTIVITY (**CRITERION NO. - 3,7**):

TOPIC/SUBJECT OF THE ACTIVITY	GREEN SCHOOL INITIATIVE
OBJECTIVES	Eco Club, Sri Venkateswara College well recognizes the relevance of addressing key environmental issues such as Pollution and its effects on human health. These issues are discussed and deliberated upon on several platforms and are an integral part of the various programs conducted under the aegis of Eco club. One such interesting program that is conducted throughout the year is the Green school Initiative in which society at large and school children in particular are made aware and sensitized towards challenging environmental issues. The primary aim of the initiative is to create awareness among school children as their young minds are highly receptive, and they are the torch bearers of the future and unfortunately, also most vulnerable to the adverse impacts air pollution.
METHODOLOGY	Online lecture was organized for the students of Andhra School, Prasad Nagar by Dr. Pawan from AIIMS. Dr. Hariharan Iyer from AIIMS conducted an online session addressing Health hazards on air pollution for the students of Aster Public School
OUTCOMES	Around 400 students participated in these events and session. They were very enthusiastic throughout the session. And an overwhelming response was received from their end.

Summary Report

Green School Initiative

Date: 1st December 2020

We came a bit forward towards our objective which aims to spread awareness about various environmental concerns in a young learning age of students when we interacted with students of Andhra Public School, Patel Nagar. The event kick started with a lecture delivered by Dr. Pawan (Collaboration with Department of Pulmonary Medicine and Sleep Disorders, AIIMS, New Delhi) on the topic of 'air Pollution'. The lecture was made engaging and interactive through ppts and visual aids.

Students were very enthusiastic throughout the event, which was seen through their active participation, whether it be asking a question or answering one.

The session was also supplemented by an amazing quiz competition which was held among 4 different teams of the same school (Andhra Public School).

At the end of the session, results of competitions such as Photography competition, Poster making competition were also announced and certificates were given to all the respective winners.

LIST OF WINNERS OF:

POSTERS:

- I PRIZE: ISHITA MALIK VII
- II PRIZE: AYUSH JAISWAL VII B
- III PRIZE: NAVPREET VII

PHOTOGRAPHY:

- I PRIZE: SANA SAHITHI XI SCI
- II PRIZE: SUJAL SETHI XI COM
- III PRIZE: MEHAK RANI XI SCI

QUIZ:

WINNERS:

- 1. ASTHA VIII A
- 2. SAURABH VIII A
- 3. PRATEEK VIII A

RUNNERS :

- 1. TANVI IX B
- 2. YASHVI IX B
- 3. DHRUV GANDHI IX B

ECO CLUB SVC

Sri Venkateswara College

1. Background

The recent COVID-19 pandemic has left the entire system at the mercy on online resources. Time has never been more right for the innovative minds to prosper. With most activities happening online, the ECO CLUB conducted this event too virtually. ECO Club is a performing body which aims to spread awareness among today's youth regarding the deteriorating state of our environment and contribute in their own ways towards sustainable development. Dr. Vartika Mathur is the convener while the GSI Coordinators are Dr. Vartika Mathur, Dr. Pooja Sinha and Dr. Preeti Khandelwal, they are a part of the ECO Club who ensure the system functions smoothly. GSI is one of the initiatives taken by this club to give an insight of our environment to the young minds. Dr. Pooja Sinha drafted the proposal for the event and invited the speaker. The prominent speaker Dr. Hariharan Iyer from the Department of Pulmonary Medicine and Critical Care, AIIMS Delhi spared time even in this time of pandemic to address the young generation.

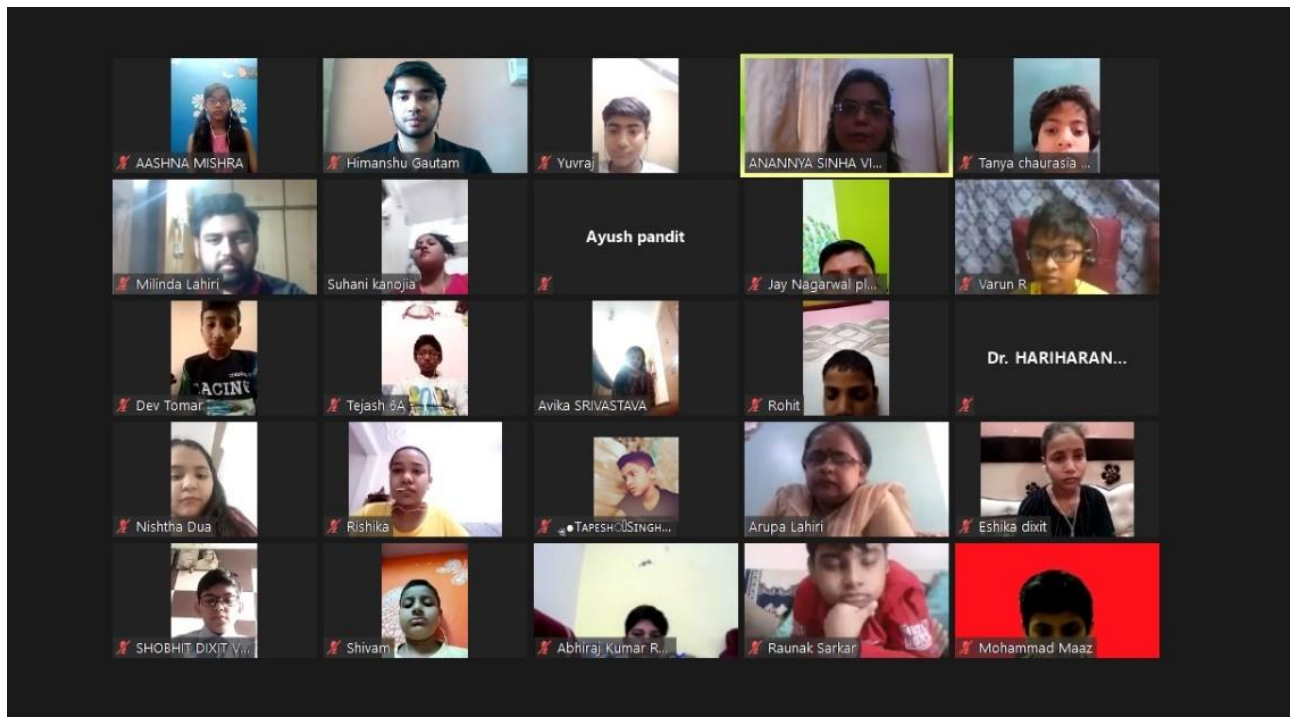

The virtual event was scheduled on 24 April 2021. Aster Public School participated in the event which included the students of class 6 to 8 along with the teachers and the principal of the school.

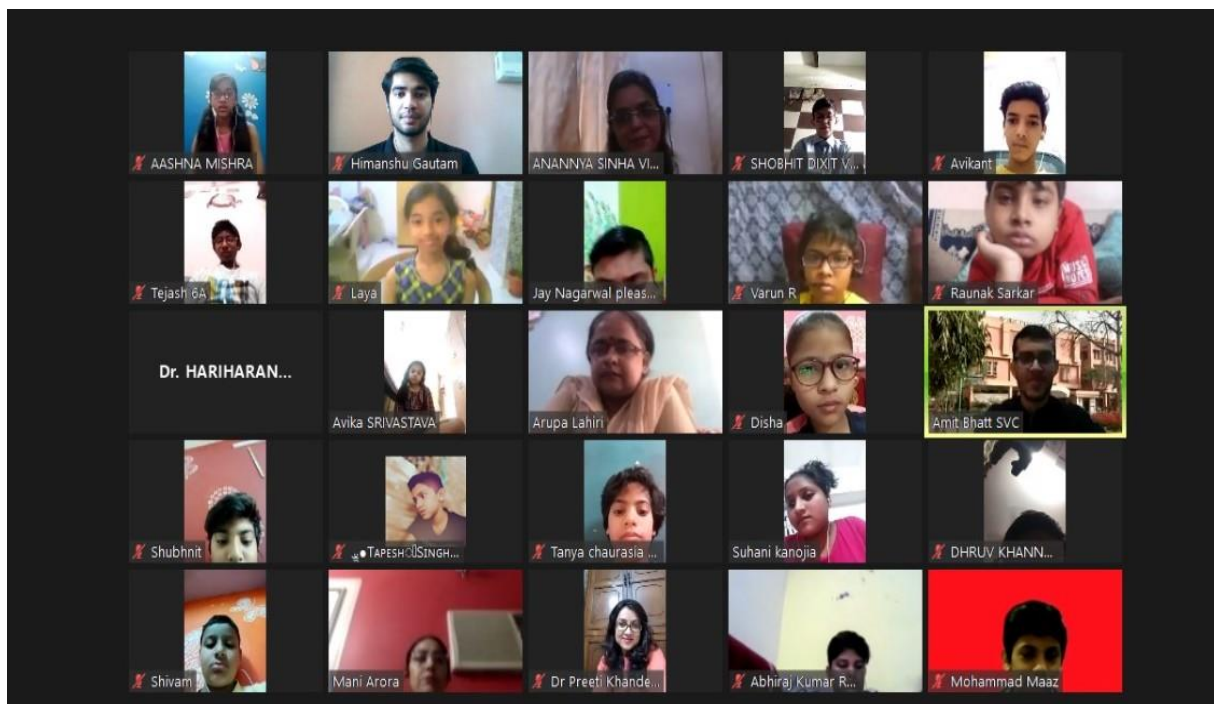

2. Event

The event was scheduled on Zoom platform and was coordinated by Mrs. Arupa Lahiri from Aster Public School. Mrs. Sonia Khanna, Principal of Aster Public School, also graced the event. The webinar catered to over 100 participants. The moderator Himanshu Gautam invited Dr. Pooja Sinha to introduce the audience to the Green School Initiative, while Dr. Preeti Khandelwal introduced the guest speaker.

The distinguished speaker for the event was an expert in the field of Pulmonary Medicine. It was an interactive session on the most prevalent topic Air Pollution. He discussed about how one can take smaller initiatives in order to curb air pollution. The major agenda of the talk was to spread awareness on air pollution abatement. This session not only explained the students' questions, but also assisted them in getting a better understanding of the discussion.

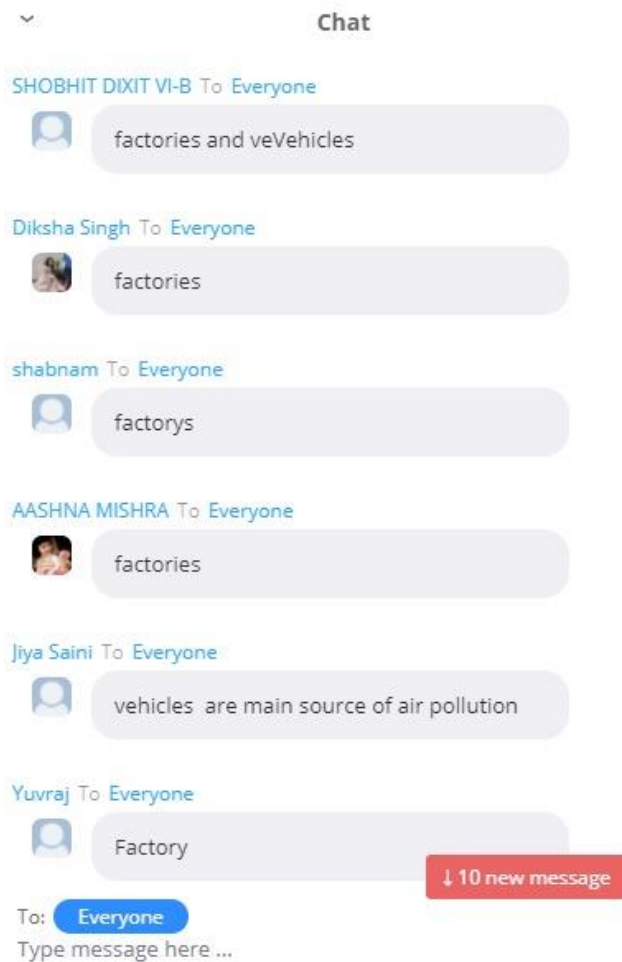

The moderator announced the results of the poster making competition, followed by a snapshot of the event which marked the end of the webinar.

3. Reception

The virtual session was well received by the audience. The interactive nature of the event ensured energetic responses from the audience. The audience mainly consisted of the students from primary classes of Aster Public school. The session intrigued the students and provided them with solutions, they as children could take, to keep tabs on air pollution. It pushed them to think about the various impacts of air pollution on an individual's health and on the planet. This was evident by the detailed questions asked by the students (Fig 1 and 2).

4. Future Scope

In spite of being conducted virtually, the event showed positive results. Sri Venkateswara College has conducted many events to spread awareness among the youth. It has done so in the past and will continue to do so in the future.
