Report by the Convenor of the Bluechip Society

SHARE WARS

The Bluechip, Finance and Investment Cell, of Sri Venkateswara College successfully conducted its fourth annual fest, Nivesh on 16th and 17th of February, 2021. The fest was conducted in online mode and saw students from various colleges pan India had a registrations of around 1300 students. The final event was SHARE WARS executed through app i.e. **STOCKGRO- a real time trading simulation**. The key to making money in stocks is not to get scared of them. This competition provides that very opportunity to students to be fearless and to step in the shoes of an investor to face the wrath of the ever and suddenly changing market conditions and thereby, fluctuating prices. It emulates the movement of stock market without the use of real money. The teams which made their way to the final round faced a challenge of choosing and bidding among various IPO's on the basis of prospectus being provided to them in the final round. It was a complicated trading event done with ease, fun and enthusiasm from both the volunteers and the participants.
