Summary Report :

In association with NGO- CHINTAN, the Department of Electronics explored another avenue to learn about an advancing menace, E-waste. With the upgrade in technical innovations, e-waste is a growing menace. Students must know that unlike any other waste, this has to be disposed of in an orderly fashion. Therefore, a seminar was conducted in collaboration with CHINTAN. Experts from the field floated their ideas about how to deal with the electronic menace and the related measures. Along with the seminar, Department of Electronics had set up an e-waste collection bin during science association fest. Students and all the staff members actively participated in e-waste collection drive.
