SUMMARY REPORT & PHOTOS

Meditation is the journey from sound to silence, from movement to stillness, from a limited identity to unlimited space-Sri Sri Ravi Shankar.

What is the best gift we can give to someone? Is it peace of mind, increased concentration, focus, emotional stability or level of happiness? A few minutes of Yoga and Meditation can be a great way to get rid of stress accumulated in both mind and body during our daily routines. Yogic Postures, Pranayama and Meditation are the effective techniques to release such stress. It not only relaxes our mind but also rejuvenates our mind and body. It is a great remedy for removing our daily tensions, which directly affect our health. It provides us physical strength, mental alertness and emotional contentment. To inculcate this habit, a life skill session on Yoga and Meditation was organized on 26 November 2020. The session was conducted by our very own alumni Mr. Himanshu Mangla (Batch 2010-2013). He is an Application Engineer at Cadence Design Systems and a teacher at Art of Living. He taught many techniques for Yoga and Meditation. It was really an enriching and inspiration session for all the students and faculty members.
