Hostel Report 2018-19

The Academic year 2018-19 was a very 'Happening year' at Balaji and padmavati Hostels. Many firsts were initiated. Apart from the usual election process conducted in August (Elected Student body attached), the usual cultural activities like the Annual freshers, the independence day celebration, festivals like Janmashtami, Ganesh Chaturthi, Id, Diwali, Lohri and Holi were celebrated with the usual fervor and enthusiasm.

Above the hostel student body 2018-19: Celebrating Independence day with kite flying, republic day and festivals farewells and release of hostel year book

Celebrating freshers, farewells and release of hostel year book

In the academic year of 2018-19 Balaji and Padmavati hostel took the bold step of making the hostel more environmental conscious and the following steps to improve the sanitation and waste management were introduced.

1. An incinerator has been installed in the girls' hostel to dispose the sanitary napkins in an environment friendly way.
2. Three separate dustbins for segregating recyclable, organic and nonrecyclable wastes have been placed on each floor of both the hostels
3. The front area of the hostel has also been cleaned and leveled. The wall in that area was repaired and separate hostel gates were erected..
4. A small herbal garden has been made and also the hanging pots were kept on the compound wall to make the hostel aesthetically beautiful.

Both the hostels purchased newspaper stands and set of chairs for visitor seating in the foyer of the hostels... New magazines are kept on a news rack to satiate the inquisitiveness of the students and keep them updated.

A new water pipe line has been laid for bore well water from the ground to the hostel to improve the water supply for the hostellers.

Apart from the usual annual 4 day outstation trip which went to Lonavla; a one day trip to Kurukshetra had also been organized in November 2018.

After an exhausting boat ride on the choppy waters of the Arabian sea and tour of the fabulous island fort of Murud Zanjeera

This year hostel witnessed a new cultural event named ALFAAZ ANSUNE to encourage hidden talent of the residents, giving them a platform to showcase their creative genius in the beautiful open air arena of the hostel lawns. An informal affair with hot tea and pakodas, the cool winter evening in February was witness to beautifully rendered poetry and anecdotes, that were both witty and emotionally poignant.

On the occasion of celebrating 10 successful years of the hostels existence, an **Alumni meet** was conducted on the 23rd of March 2019. About 60 alumni attended the event. For the same, several developmental works such as painting walls gate and common room and curbs stones; putting new curtains in the mess; framing ten year photos were undertaken.

Felicitating our former principal Padam shri A.S Reddy and all the ex Wardens at the hostel Alumni meet 2019.

Felicitating our Principal Dr P. Hemalata Reddy, whose support was immense in helping us organize the event.

The sun sets on the night leading to the joyous alumni celebrations.....

Hostel alumni who attended the meet; happy to be back in the hostel. Their home away from home. A poignant painting of the hostel, portraying of the silent walls of the building that hold testament to the multiple emotions' that they have witnessed through the years.
