## Comments/Suggestions

Venkateswara college has the best faculty they teaches so good , it also has a lot of societies which help in overall learning experience and to develop ourselves .

As a 1st year student, I think my institute gives me every aspect and fulfil all the demands of student. The best quality education, communication and fellowship.

Open gym can be equipped with better free weights and calisthenics.

Use better graphics and visual media to engage students well.

If possible, an extra time slot should be there for important societies-related work, so that students don't have to miss their classes (especially practical classes)

History of Modern China professor was very good throughout the semester

There is no definite timeline of things to be done during the semester. Everything is usually done or decided at the last minute. If there is a list of assignments/presentation/tests to be done during the semester and a tentative timeline as to when they are to be done, present in advance, it would be helpful in reducing the last minute rush and pressure the students face due to everything happening at the same time.

The learning process is very advanced, as the institution provides enough opportunities to Kickstart your professional career.

The process of getting attendance via societies should be better organised, as many of us missed out on that regardless of participating in societies.

I hope there are more opportunities for internships in science field.

More exchange events and opportunities to interact with a variety of people from different culture and diversity.

Institute should focus more on Student's internship, students exchange , field visits etc .

## Comments/ Suggestions

The institution was a great experience and aided the development of my personality. It provided ample opportunity to explore other domains of interest other than academics. The accessibility displayed by the teachers is commendable.

Individualised mentorship should be encouraged to enlighten students about their weak areas and solutions to improve them.

The faculties are always supportive in academics as well as in non academics. They always provide guidance whenever we need

First of all I am very lucky to get admission in this college because here is very good exposure to improve myself with good vibes and the faculty is very outstanding. It'll be help more in future to get success in any field and I am very blessed to study here

Teacher's and their way of teaching is best. Teachers are approachable

"The Department of Sociology has played a pivotal role in shaping my academic journey, fostering confidence, and providing invaluable exposure to various sociological concepts. However, there are several areas that require urgent attention from the administration to enhance the overall learning experience."

It was a wonderful experience through 3 years , learning from top quality teachers ,a competitive environment and an inclusive atmosphere were the few things which I like the most . Apart from that I was expecting a better infrastructure including auditorium , better portable water facility and hygienic Good in canteen . with a great heart THANK YOU SVC

Assignment portion should be less to focus more on practical application of subject

Overall good experience with teachers but college can provide more materials for Hindi medium students because they have to face many problems regarding material

### Comments/ Suggestions

It was a great experience studying at Sri Venkateswara college. I learned a lot of new things which will be helpful for my further studies, If in any way I can help the college in future, I'll be very happy.

It was a rejuvenating experience to draw from the experienced faculty at Sri Venkateswara College.

It was a wholesome experience. The college provided a decent environment for intellectual growth.

Had a great time at Sri Venkateswara College. The faculty were always helpful and supportive, even after graduating. The admin staff has also helped me a lot throughout my time here.

The course was highly helpful for building basics in the students. Teachers of commerce department are really very supportive and helpful in whatever capacity they could. Some suggestions for improvement from my side will be:

1. Updating the curriculum with updated subjects like GST (which was not taught to us).
2. More awareness drives and sessions on future path to venture into for being more goal oriented.
3. More practical approach in investing, finance, economics related subjects in addition to the theory basics.

My college was a wonderful experience for multiple reasons. The teachers and course was great, albeit it could be improved keeping in mind the new trends in the industry (e.g., Gen AI). Societies were the best part of my college experience. What we could improve as a college would be more workshops on what students could pursue after college. There was little knowledge shared on this and I believe this could be really helpful to students who are confused about which track to take. Thank you!

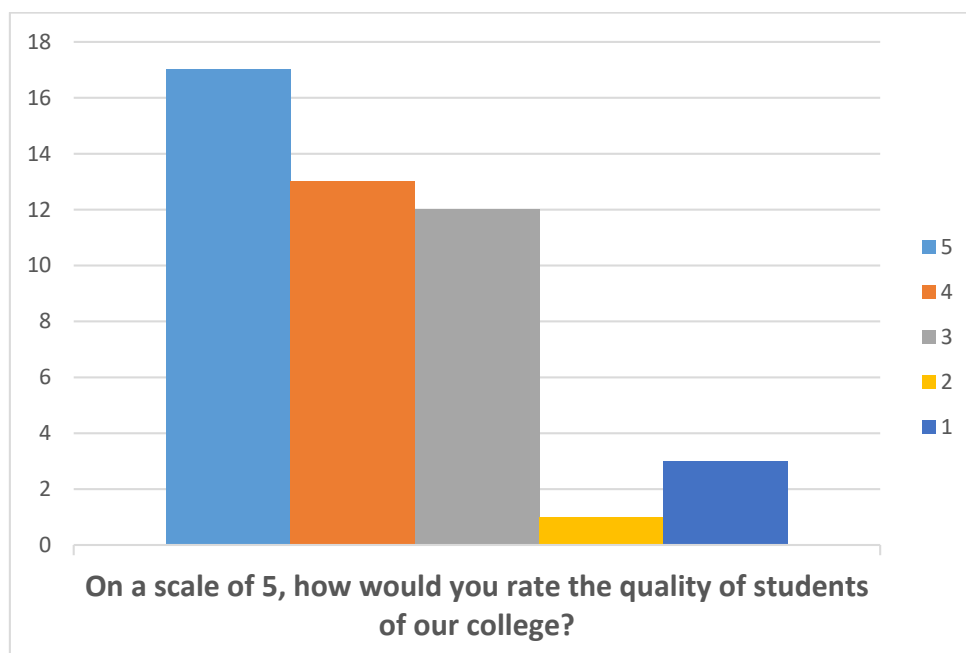

Venky has added great values to my knowledge and personality. Great to have been the part of this institution.

## Comments and Suggestions

Excellent response time, very efficient and sincere candidates.

I want to really appreciate the time and effort of the institute and the placement coordinator Mr. Harsh who was there throughout the day in making my work less hectic. I'm looking forward for future collaboration. All the Best!

Thank you Placement Cell for including InsidellM in your esteemed Internship Fair. We are delighted with the quality of the candidates of your college. Looking forward to a long term association with Sri Venkateswara College, University of Delhi!

The placement cell's proactive nature and ability to accommodate our needs made the entire recruitment process exceptionally smooth and efficient.

A special shoutout to Vansh, whose efforts were instrumental in facilitating our communication and ensuring that everything was perfectly aligned with our requirements. His commitment and attentiveness were truly remarkable and greatly appreciated.

We are delighted to have recruited four talented financial analysts from SVC, reflecting the high quality of professionalism and skill cultivated at your institution. We are excited about the fresh perspectives and capabilities they will bring to our team.

Thank you once again for your excellent cooperation and support. We look forward to continuing this fruitful partnership in the future.
