

# Memorandum of Understanding

BETWEEN

Tirumala Tirupati Devasthanams

**Sri Venkateswara College**

**University of Delhi, New Delhi, India**

&

**Institute of Bioorganic Chemistry of  
Academy of Science, Tashkent, Uzbekistan**

to establish scientific collaboration through joint research activities, academic exchanges and research internships

**Prof. C. Sheela Reddy**

PRINCIPAL, SRI VENKATESWARA COLLEGE  
UNIVERSITY OF DELHI,  
INDIA

**Academician Salikhov  
Shavkat Ismailovich**

DIRECTOR, INSTITUTE OF BIOORGANIC  
CHEMISTRY OF ACADEMY OF SCIENCE,  
UZBEKISTAN

## **MEMORANDUM OF UNDERSTANDING**

**Sri Venkateswara College, University of Delhi, India**

Located at: Benito Juarez Marg, Dhola Kuan, New Delhi-110021, India

Represented by: Prof. C. Sheela Reddy

and

**Institute of Bioorganic chemistry of Academy of Science, Uzbekistan**

Located at: str. Mirzo Ulugbek, 83, 100125, city. Tashkent, Uzbekistan

Represented by: academician. Salikhov Shavkat Ismailovich

After the discussions, the parties have agreed to sign MOU on cooperation as follows:

### **1. Purpose of cooperation**

Cooperation to promote the development in the field of human resources training, scientific research and technology transfer between Sri Venkateswara College, University of Delhi, India, and Institute of Bioorganic chemistry of Academy of Science, Uzbekistan; to contribute to tighten relations of friendship, and traditions between India and Uzbekistan.

### **2. Field of cooperation**

a) The Parties shall endeavor to develop cooperation in the following areas of cooperation:

- Training human resources for basic and applied research in entomology;
- Sustainable development of agricultural practice in the tropics.
- Cooperating in scientific research and technology transfer in various fields such as Environmental protection, food technology, Forestry and wood processing, biotechnology, renewable energy;

b) The parties support the information exchange, participation in seminars, and conferences.

### 3. General agreement:

- This MOU forms basis framework, so that the parties can develop and implement next cooperation programs between them.

- This MOU will come into effect from the date of signing, be valid for a period of five (5) years and be renewed tacitly for a further five (5) years, if no party cancels it in writing, at least 5 months before its expiration.

- The cooperation will be done in accordance with the laws of each country and the capacity of each party. The Parties may agree to add additional areas of cooperation after mutual consultations and supplement them in writing to this Memorandum of Understanding.

- In the implementation process if any arise, the Parties will discuss and agree the issue in a spirit of cooperation and the parties will jointly sign addenda. Any amendment to this MOU shall be effective only if it is fully and legally signed and approved by all parties. The rights and responsibilities recorded in this MOU will continue to be valid for the successors of the parties in it.

- The present Memorandum of Understanding is written in English language in three (3) identical copies, each copy will be signed by the representatives of the parties. Institute of Bioorganic chemistry of Academy of Science, Uzbekistan will receive two (2) and Sri Venkateswara College, University of Delhi, one (1) identical copies of the Memorandum.

- This MOU takes effect from the date of signing
