Promoted Donation

NSS SVC understands the true essence of service. It is neither bound by the limits of time and circumstances, nor restricted to just human beings. Thus, NSS SVC promoted PM Cares Relief Fund and encouraged people to donate.

NSS supported Zomato Feeding India, an NGO designing interventions to reduce hunger among the underprivileged communities in India, in collecting donations for their noble cause.

NSS also supported Blue Cross of India, in their pioneering cause of animal health, welfare and rescue, in collecting donations for their humble cause.

#19 DAYS CHALLENGE

- Lockdown broke most of us and our mental health, NSS SVC stands with positivity and started its #19DayChallenge where each day we taught people a different activity to try.
- We reached more than 100 people through this campaign.
- Activities included - Yoga, painting, drawing, gardening (all activities were indoor) and everyday there was a quick quiz competition to help people learn.
- We also asked to people to reach out to us if the feel mentally exhausted due to lockdown, so we can talk to them and provide a good support.

We believe that Corona is not the only evil, but also the misinformation and fake news, we asked people to send news to us (if they feel it might be fake) and we will verify for them. We also clarified all myths around COVID-19 through this campaign.

Separate FACTS & FAKE NEWS

We started a campaign #Coronawarriors, we made a video of including our volunteers with their participation from their home. We wanted people to help and trust our health care workers for a better India and understand that we are in this together.

#MuskurayegaIndia

Let's take a pledge to spread positivity

Standing up for Healthcare workers and Corona warriors

We condemn the violence against health care workers and corona warriors and hence we started a campaign #StopViolenceAgainstCoronaWarriors and it was a great success, we also shared the actions that can be taken against who harm (physically or verbally) to any health care worker.

We are monitoring on daily basis, we are also connected to 2 major NGOs working on ground in Sanjay Camp and helping them with data and information. We have also approached government for necessary / essential help.

STATEMENT

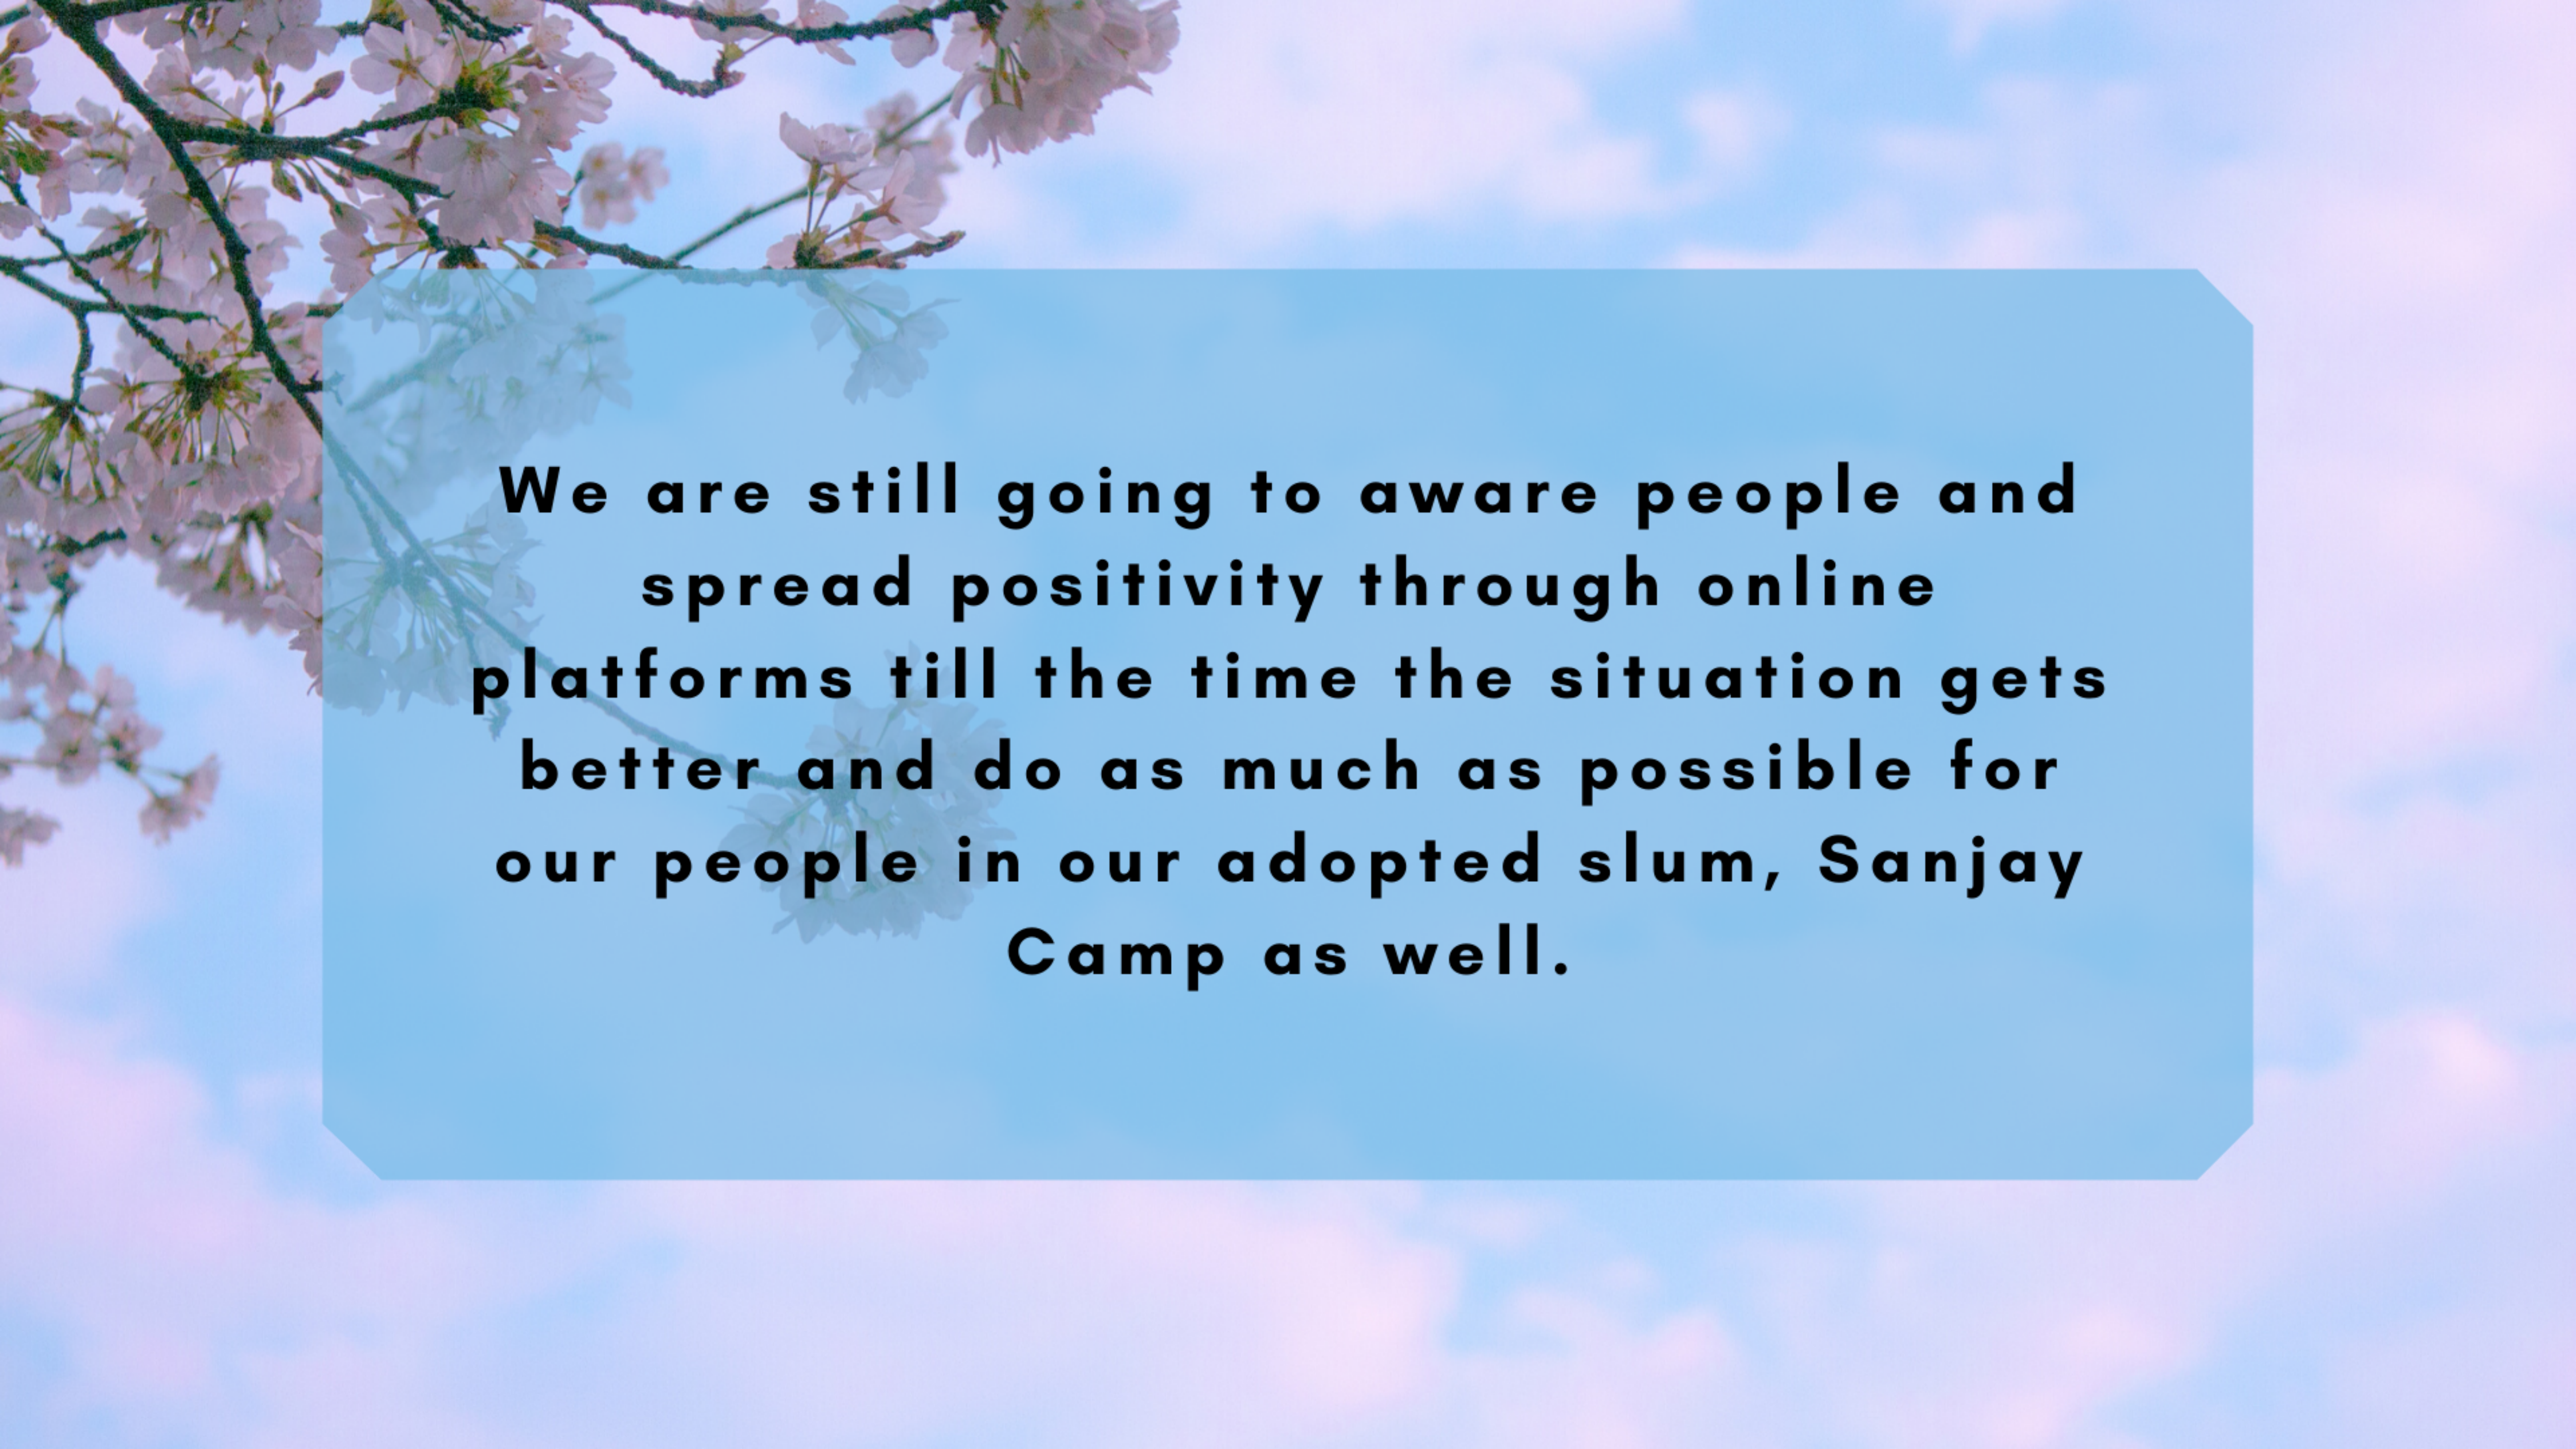

The NSS unit of Sri Venkateswara College stands in solidarity with the people of the world during the COVID-19 pandemic. At this point of time, we urge everyone to remain safe and follow the guidelines given by the concerned authorities.

Recently, NSS SVC had set up a task force that has been constantly monitoring the situation in our adopted slum, Sanjay Camp. The team has conducted telephonic surveys of the people residing there and has contacted the NGOs that have been working directly with the people of Sanjay Camp. After examining all the issues as well as the steps that are being taken, it's really disheartening for us to inform that essential services are not being completely provided to majority of the sectors of Sanjay Camp due to lack of funds and resources. Our team and the NGOs have been trying their best to provide essential services to all the people. NSS SVC is providing a helping hand to the NGOs working on the ground level. We'll be also continuing our projects through online medium. However, we've been unable to expand our services further. Thus, we would like to urge the Government to kindly take necessary steps towards this cause. There have been people located out there who have rarely received any of the essential services. Moreover, the area constitutes of a lot of people who are daily wage labourers which further reduces their capacity to get food. Furthermore, it has been also reported that there has been an unequal distribution of essential commodities amongst the people which has lead them to an even miserable state.

In this sensitive situation, we would request the Government to consider this and take appropriate actions so as to provide essential services to the people of Sanjay Camp.

NSS SVC - Partner NGOs

**NSS SVC also helped
outstation students stuck in
Delhi, by providing them all
important information and
notices, we also asked
partner NGOs for necessary
help.**

We are still going to aware people and spread positivity through online platforms till the time the situation gets better and do as much as possible for our people in our adopted slum, Sanjay Camp as well.
