

Economics Association Sri Venkateswara College University of Delhi

invites you to a Webinar on

USAGE OF SPACE TECHNOLOGY IN GOVERNANCE AND DEVELOPMENT

Speaker: Dr. S.K. Srivastav

Dean, Academics, IIRS,
Indian Space Research Organisation

Established in 1996 at Dehradun, **Indian Institute of Remote Sensing (IIRS)** is a premier Indian research institute with the objective of capacity building in **Remote Sensing** and **Geo-informatics**, and their applications through education and training programmes at the postgraduate level.

DATE: 30TH SEPTEMBER, THURSDAY: 3.30 PM-4.30 PM

IIRS ISRO

Science students who are looking for a career in Remote Sensing may attend the webinar and interact with Speaker with regard to academic programmes offered by IIRS

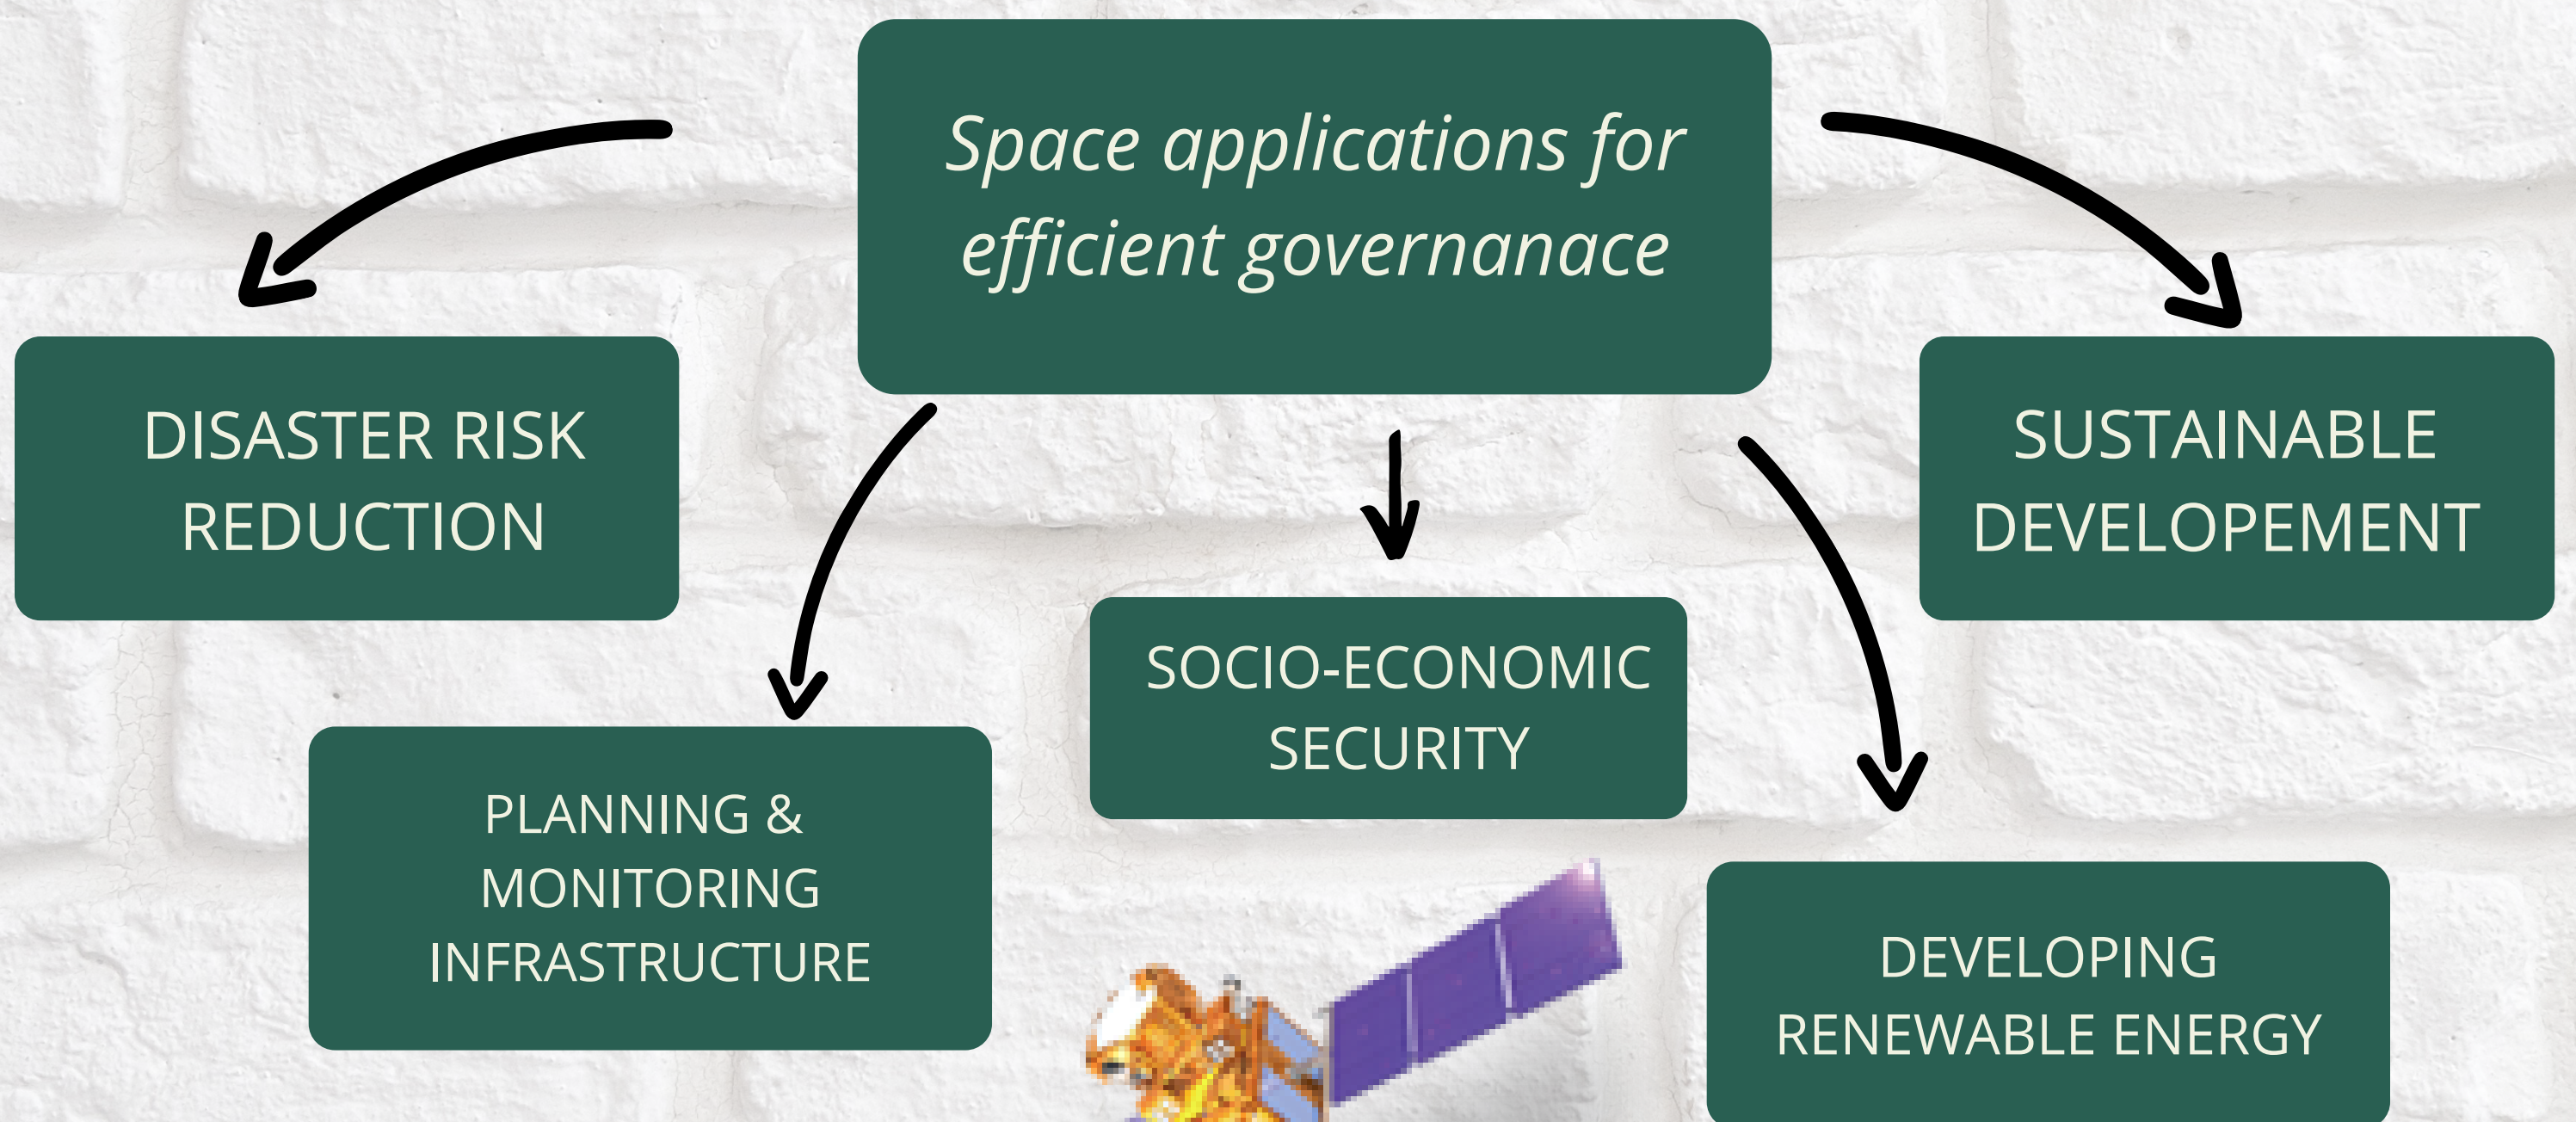

IIRS offers the following diploma and degree programmes Education Programme:

- **M.Tech. (RS & GIS) in eight disciplines conducted in collaboration with Andhra University, Visakhapatnam.**
- **M.Sc. in Geoinformatics conducted in collaboration with the Faculty of Geo-information Science & Earth Observation (ITC) of the University of Twente (UT), The Netherlands.**

Training Programme:

- **PG Diploma – 9 Specializations (10 months).**
- **PG Diploma – Geoinformatics conducted in collaboration with the Faculty of Geo-information Science & Earth Observation (ITC) of the University of Twente (UT), The Netherlands.**
- **Certificate courses – Remote Sensing/ Geoinformatics (8 weeks, Sponsored by ITEC/MEA, Govt. of India).**
- **Certificate Courses for University Faculty – 8 themes (8 weeks, NNRMS-ISRO Sponsored).**
- **Decision Makers Course (1 week).**
- **Special on-demand/tailor-made courses (1-8 weeks).**
- **Awareness programmes**

Space science, technologies and data have the potential to contribute towards achieving all of the UN Sustainable Development Goals.
