ACTIVITY REPORT

The Eco Club facilitated the formal renewal of the institutional partnership with **WWF-India** by signing a Letter of Understanding (LoU) on **4 August 2026**. This agreement extends the collaboration for another two years under WWF-India's Campus Engagement Programme, aiming to foster student-led sustainability initiatives across the campus.

The Letter of Understanding was signed by Principal Prof. Vajala Ravi on behalf of the college, in the presence of Eco Club Convenor Dr. Vinita Kapoor, alongside other faculty members of Eco club. During the proceedings, representatives from WWF-India, Ms. Tannu Saini and Mr. Souvik Bandhapadhaya, acknowledged the student community's past efforts for actively participating in the **BioBlitz biodiversity, Big Butterfly month, City Nature Challenge** and other projects conducted during the previous academic year under the previous LoU with WWF.

The meeting also provided an opportunity to evaluate prior initiatives and establish strategic goals for the renewed term. Discussions centered on expanding avenues for direct student participation in environmental action, citizen science, and campus-based conservation models. Starting this academic year, students will volunteer for focused green projects within the college premises, applying practical ideas toward sustainability and nature preservation. The engagement concluded with a shared resolve to deepen collaborative action for the planet over the next two years.
