Report on Orientation Programme for B.A. Freshers

An orientation programme for the Bachelor of Arts (B.A.) freshers was successfully conducted to welcome the new students and familiarize them with the academic environment and course structure. The session was organized and led by Dr. Deepti Jain, who played a key role in guiding.

During the programme, Dr. Jain provided a comprehensive overview of the B.A. curriculum, explaining the various subjects offered and their significance. She also guided the students

through the process of subject allocation, helping them understand how to choose combinations that align with their interests and career goals.

The session included detailed explanations about departmental expectations, academic policies, and the importance of regular attendance and active participation. Students were encouraged to ask questions, and their queries regarding subject selection and future prospects were addressed effectively.

Overall, the orientation programme was informative and engaging. It helped the freshers gain clarity about their academic journey and made them feel more confident and prepared to begin

their studies.
