**For Life Science**

- They can take GE from departments other than Chemistry, Botany, and Zoology.
- They need to choose DSE offered by the departments of Chemistry/Botany/Zoology only.
- Semester III/V/VII students should choose DSE based on their choice of major.
- Semester III students can opt for DSE of Chemistry, Botany, Zoology in place of GE.
- The concept of major and minor comes only if the students pursue EIGHT/FOUR Semesters/Years of UG course.
- Students can get a minor only in Chemistry/Botany/Zoology

- Those students of Semester III/V/VII who are not looking to major in any core discipline may choose GE in SEM III and DSE from any parent department in SEM V/VII.
- For a major degree, they need to study at least one DSE in either semester III/IV, and then in all the following semesters and do a dissertation in that stream in both Semesters VII and VIII.
