ANNUAL REPORT 2021-22

ANNUAL REPORT 2021-2022

Sri Venkateswara College, a premier educational institute in South Campus – Delhi University, had its humble beginnings in 1961. Since then it has been a consistent endeavour to provide holistic and value-based education as envisioned by our distinguished founders – Smt. Durgabai Deshmukh, Shri. K. L. Rao and Shri. C. Anna Rao. In the past six decades, the college has seen tremendous growth with enhanced quality of teaching and learning processes, providing an avenue for intellectual stimulation and innovation among students. The faculty and management of the college strive to live up to the rich legacy of Tirumala Tirupati Devasthanams, constantly evolving and making new strides in academic and research pursuits, aiming at the overall development of students. The college prides itself in providing a platform for students from diverse backgrounds and different strengths to excel in academics, cutting-edge research, cultural as well as social activities and sports.

The annual report 2021-22 reflects upon the past year by glossing over the highlights pertaining to the college events and achievements. The institution has efficiently and earnestly tried to bring back normalcy after resuming classes in offline mode in February 2022. There were students who had enrolled into the college undergraduate programme and begun their college lives unprecedentedly in online mode. Best efforts were taken in making sure the transition from the online mode to offline mode was as smooth and hassle free as possible for our students. The college teachers and administration were at the forefront to lend support and guidance to students during these stressful times. Student community also formed an online support group to foster mental and emotional well-being.

A crucial landmark of the year was the approval of the implementation of National Education Policy (NEP) and the Four Year Undergraduate Programme (FYUP) by University of Delhi. The Multiple Entry/Exit Scheme (MEES), where students would be able to enter and exit the programme at various stages, and the Academic Bank of Credit (ABC) were also approved. The faculty members at SVC steadfastly worked in the framing of the curriculum and syllabi. The college also saw faculty promotions in retrospect. In this academic year, we also geared the process of facilitating permanent appointments in our college across all the departments.

Sri Venkateswara College made infrastructural strides promoting usage of alternative sources of energy in order to reduce reliance on fossil fuel-based sources of electricity in particular. The

college has been relying on solar power-based electricity generation for hostels and street lights. The panels were installed in June, 2021. In its endeavour to promote green energy, the college is committed to increase the share of solar energy. In November 2021, a 140 KW Grid Roof Top Solar PV System on Resco Model under Solar Energy Corporation of India scheme was inaugurated by Sri Y.V Subba Reddy. Furthermore, the college augments its reliance on green energy by using a greater number of Light Emitting Diodes (LEDs). The administrative office, Principal's chamber, foyers, corridors are illuminated by LED lights installed in June 2021 to minimize energy consumption as well as carbon footprint.

Keeping in mind the fast-depleting groundwater reserve in Delhi, Sri Venkateswara College installed rainwater harvesting (RWH) in the college premises for groundwater recharge. The college has a total plot area of 60700.50 sqm. with the rooftop area of 8631.09 sq.m. The approved design was received for Rooftop rainwater harvesting structures from Delhi Jal Board on 5 August 2021. A total of 10 recharge pits were constructed for complete Rooftop Rainwater harvesting for groundwater recharge. For this, the college received partial funding of about Rs. 9,00,000/- (Rupees Nine Lakhs only) from Indraprastha Gas Limited (IGL), New Delhi, under their CSR funds. The construction work was completed in five months' time and the 'RWH Adequacy Certificate' was granted by Jal Board on 12 April 2022.

Another accomplishment has been the setting up of a new medical room instituted in the college in June which was inaugurated by Dr. Rinku Mathur, MO, I/C, WUS Health Centre (South Delhi Campus). Our library renovation is progressing in full swing and is nearing completion. The Academic Year was profuse with a litany of talks, webinars and workshops as a part of the 60th anniversary of the college. The Internal Quality Assurance Cell (IQAC) and College Research Committee organised the 'Research Conclave 2022' for the first time. It was a platform for faculty and PhD students to showcase their research progress. There were several webinar sessions that were held as a part of our 'Azadi ka Amrut Mahotsav@SVC' initiative.

The NAAC coordinators in the college worked extensively and exhaustively in the period preceding the second cycle of NAAC that was due in April 2022. The hard work of the IQAC team, NAAC coordinators, SVC staff and management fructified and the college was awarded A+ grade. The college performed better than the previous cycle with a CGPA of 3.44 on a four-point scale.

OBITUARY

Dr. GPC Rao

Prof. Neeraj Sahay

Mr. Rakesh Bansal

We cannot move forward without expressing the profound sense of bereavement for members of the Sri Venkateswara College family we lost to the dark and dystopian time of the Covid pandemic. We would like to honour Dr. G.P.C Rao from the Department of Botany and Prof. Neeraj Sahay from Department of History for their invaluable contributions towards this college.

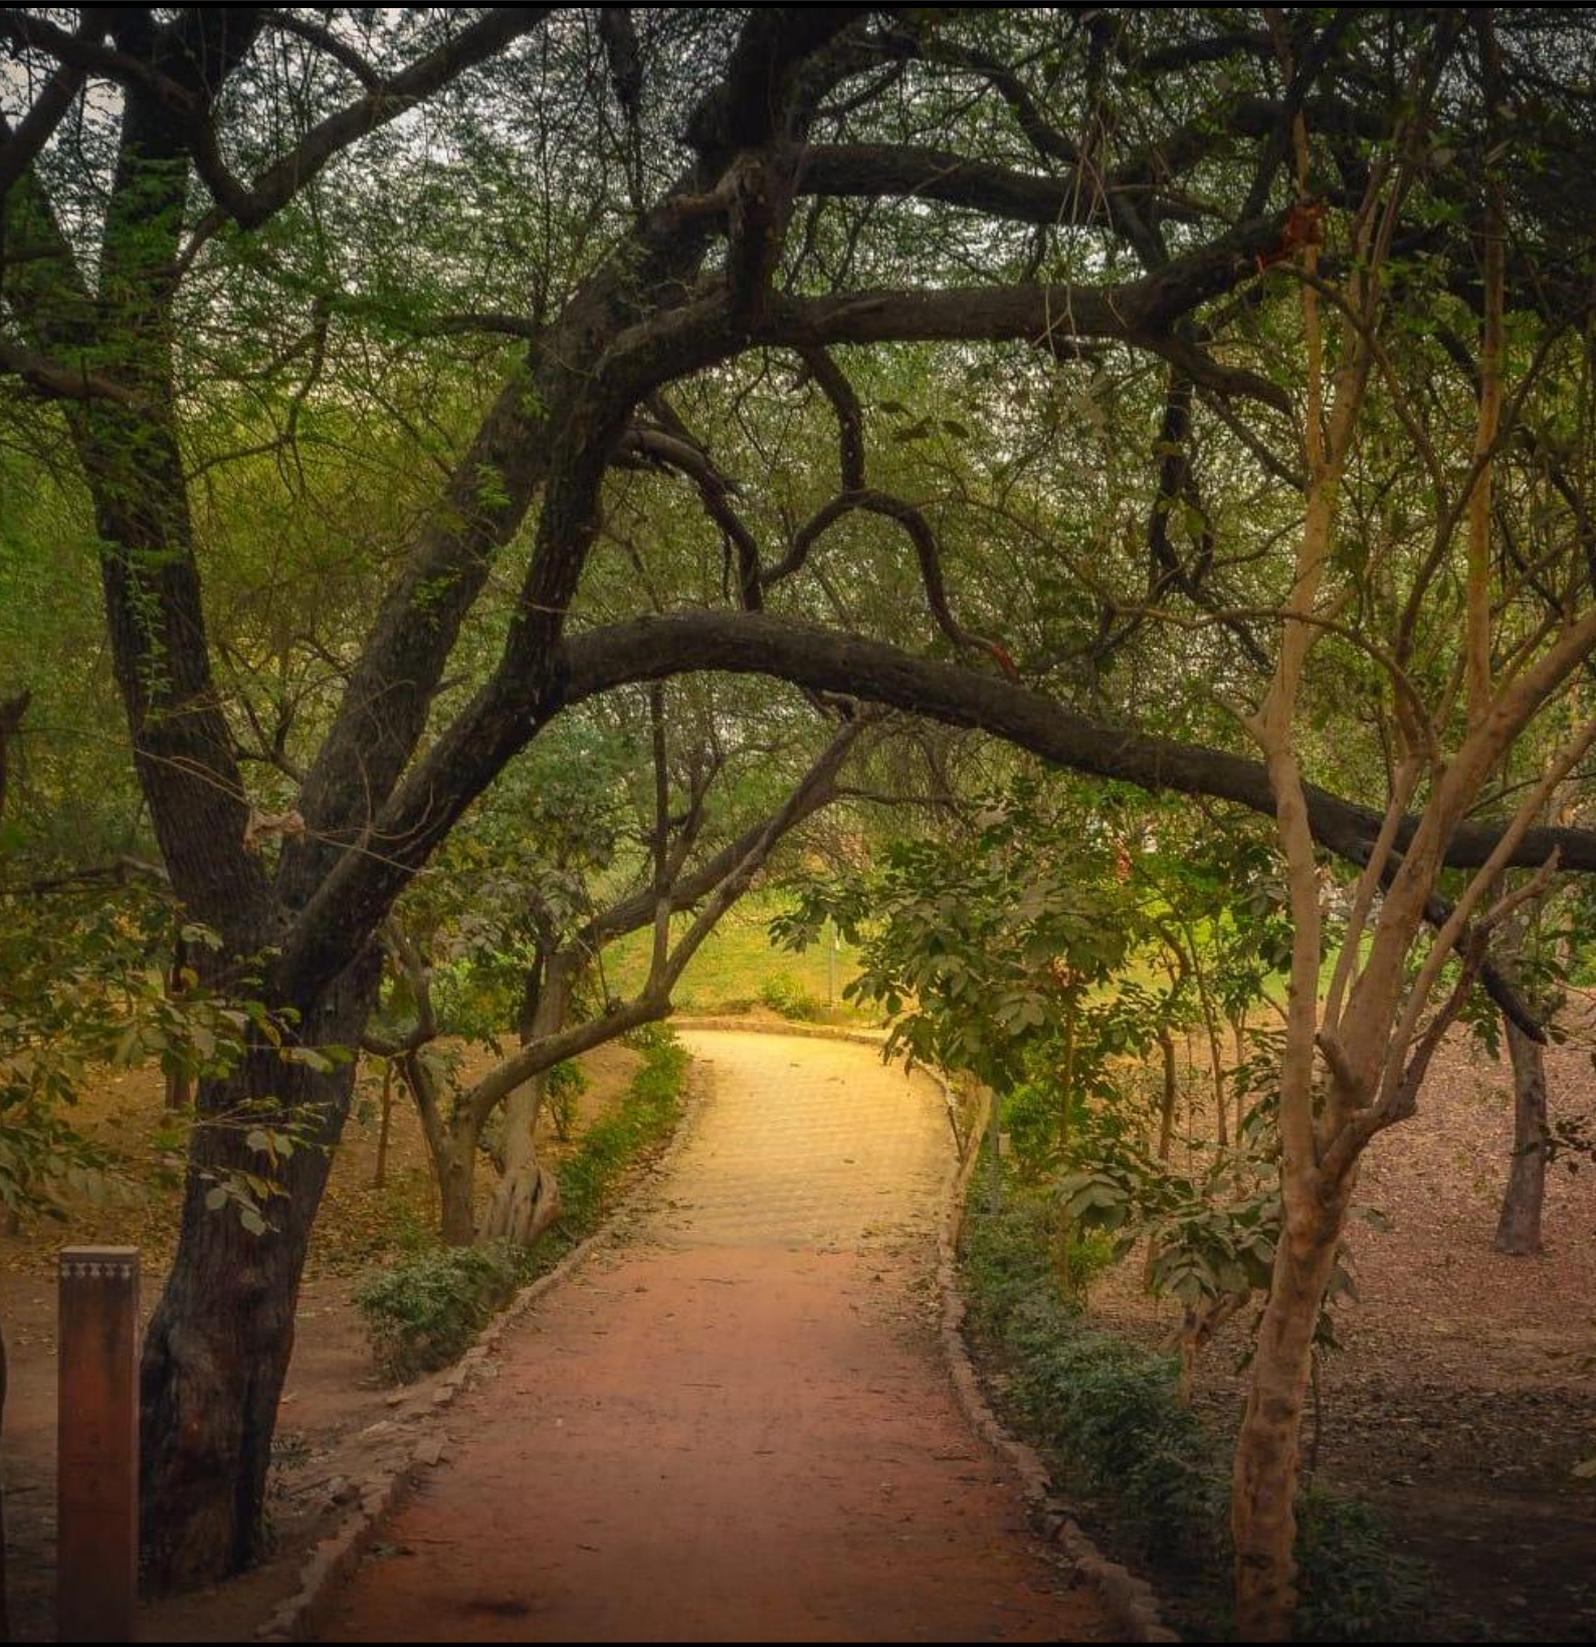

It was also shocking and saddening to hear the untimely news of losing Mr. Rakesh Bansal, Lab Assistant, Department of Chemistry. We will remember him as a genuinely warm individual who was always ready to help others.

We pay tribute and celebrate their commitment to the progress of our institution.

ACKNOWLEDGEMENTS

The support from Tirumala Tirupati Devasthanams (TTD) is gratefully acknowledged. We are grateful to Delhi University for their constant support. The college acknowledges the unquenchable support rendered by its faculty and administrative staff
