BRIEF INFORMATION ABOUT THE ACTIVITY

TOPIC/SUBJECT OF THE ACTIVITY	Interactive session on Science & Ethics
OBJECTIVES	<ol style="list-style-type: none"> 1. To explore the intersection of science and ethics in modern research and societal impact. 2. To inspire students to develop a scientific spirit that balances curiosity with accountability. 3. To encourage critical thinking about the role of science, religion, and philosophy in seeking truth. 4. To foster dialogue on ethical practices in academia, research, and professional fields. 5. To provide a platform for students to engage with thought leaders in the field of biological sciences.
METHODOLOGY	<ol style="list-style-type: none"> 1. Guest Lecture: Prof. K. Muralidhar will discuss the philosophical and ethical dimensions of science. 2. Interactive Q&A Session: An open forum for students to ask questions and share perspectives. 3. Presentation: Release and presentation of the Annual Magazine Theme for Chrysalis. 4. Case Study Discussions: Exploration of real-world scenarios highlighting the ethical dilemmas faced by scientists. 5. Panel Discussion: Insights from the chief guest and faculty on integrating ethics into scientific practice.
INVITED SPEAKERS WITH AFFILIATION DETAILS (IF ANY)	<p style="text-align: center;">Prof. K. Muralidhar</p> <p style="text-align: center;">Retired Professor, Department of Zoology, University of Delhi Founder of the Biological Sciences course at Sri Venkateswara College</p>
OUTCOMES	<ol style="list-style-type: none"> 1. Enhanced understanding of the ethical implications of scientific research and its societal responsibilities. 2. Encouraged critical thinking among students regarding the role of science, philosophy, and faith. 3. Promoted the idea of ethics of excellence and the importance of accountability in academic and professional pursuits. 4. Initiated discussions about the limitations of science and the interplay between logic, perception, and belief. 5. Strengthened the academic community's commitment to fostering a culture of compassion, curiosity, and integrity in science.

ACTIVITY REPORT

Chrysalis, the Biological Science Society of Sri Venkateswara College, organized an engaging one-day event entitled '**Interactive Session on Science & Ethics**' on 14th November 2024. The session focused on the intersection of scientific inquiry and ethical considerations, emphasizing the significance of compassion, accountability, and excellence in the pursuit of knowledge. The event marked the release of Chrysalis' Annual Magazine Theme and was attended by over 120 participants, including students and faculty.

The session began with a warm welcome and an introduction to the day's theme, setting the stage for a thought-provoking discussion. The chief guest, **Prof. K. Muralidhar**, Retired Professor, Department of Zoology, University of Delhi and founder of the Biological Sciences course at Sri Venkateswara College was greeted with a green welcome symbolizing Chrysalis' commitment to environmental sustainability.

The opening remarks were delivered by Prof. Anita Verma, who highlighted her experience of working with Prof. K. Muralidhar while welcoming him to the stage.

Prof. K. Muralidhar's keynote address was the highlight of the event. He eloquently delved into the philosophical and ethical dimensions of science, discussing themes such as the limitations of scientific methods, the interplay between faith and reason, and the role of compassion as the foundation of truth. Drawing parallels between ancient philosophical insights and modern scientific practices, Prof. Muralidhar encouraged participants to approach science not just as a mechanism for discovery but as a means to contribute meaningfully to humanity.

The session was designed to foster dialogue with a vibrant Q&A segment allowing students and faculty to engage with Prof. Muralidhar on a range of topics, including the ethical dilemmas faced by scientists, the relationship between science and religion, and the challenges in maintaining integrity in academia and research.

The event also saw the formal **unveiling of Chrysalis' Annual Magazine Theme** by Editor-in-Chiefs of Verdure, Sushanth and Mehak, a moment that celebrated the creativity and dedication of the society's members. The theme, Astrobiology: Life on Earth and Beyond, encapsulated the spirit of innovation and ethical reflection that the session aimed to inspire.

The session concluded with a vote of thanks, delivered by Dr. Sunita Yadav, who expressed gratitude to the guest speaker, faculty members and the organizing team for their contributions to the success of the event.

This interactive session not only deepened participants' understanding of the ethical implications of science but also inspired them to adopt a thoughtful and conscientious approach to their academic and professional journeys. Chrysalis remains committed to fostering a culture of curiosity, compassion and excellence and looks forward to organizing more such impactful events in the future.
