Committee for Code of Professional Ethics (Teachers)

Note:-

1. Whoever adopts teaching as a profession assumes the obligation to conduct themselves in accordance with the ideal of the profession. A teacher is constantly under the scrutiny of their students and the society at large. Therefore, every teacher should see that there is no incompatibility between their precepts and practice. The national ideals of education which have already been set forth and which they should seek to inculcate among students must be their own ideals. The profession further requires that the teacher should be calm, patient and communicative by temperament and amicable in disposition.
2. **Any addendum/corrigendum shall be updated and posted on the college website (www.svc.ac.in) only.**
