EVENT REPORT

The Bi-Annual fest, ARTHKUMBH organised by the Finance and Investment Cell (Bluechip) kicked off with two competition DeckSketch and among us: the financial Chaos

DeckSketch: The Case Competition- DeckSketch was a fast-paced and creative case competition that tested participants on their quick thinking, teamwork, and presentation skills. The event had three rounds, each bringing new challenges and excitement. It began with an online quiz, where teams answered questions on business, marketing, and gaming. From this round, 12 teams moved ahead to the next stage. In the second round, these teams were given an open-ended case based on the gaming industry and had to come up with a unique idea while creatively including XP-Pen Tablets, the event's sponsor. From here, 5 top teams were selected for the final round. In the final round, participants had to create and present a full presentation deck within a limited time. They were judged on originality, creativity, presentation quality, and how well they connected XP-Pen Tablets with their gaming idea. All the decks were evaluated by Mr. Rahul Lakhmani (Founder & CEO, Skiify Solutions) and Mr. Sudhanshu Gupta (Private Equity Associate), who praised the participants for their fresh and innovative ideas. Overall, DeckSketch turned out to be a fun, learning-filled experience that combined creativity, strategy, and business thinking.

The winners were:

Position	Team name	Participant First name	Participant Second name	Participant Third name	Name of College
Winner	Insightful Artist	Kanishka Galhotra	Aanya Aggarwal	Girisha Makkar	Hindu College SRCC
1st Runner up	KSG	Prakhar Mittal	Mukund Agarwal	-NA-	VIPS

Among Us: The Financial Chaos- The event *Finance Among Us* was designed to combine financial literacy with strategic thinking through an engaging live-action social deduction format. The aim was to help participants apply fundamental financial concepts in a gamified setup while enhancing teamwork, reasoning, and decision-making skills. It started off with an online quiz which consisted of questions related to finance so as to qualify the best and 10 teams were selected out of which 2 would be imposter and the rest 8 would be crewmates. *Finance Among Us* was a real-life adaptation of the popular social deduction game "Among Us," reimagined with finance-themed challenges. Players acted as "employees" completing financial tasks while "assassins" secretly tried to sabotage them. The challenge lay in balancing task completion with identifying imposters creating an exciting and intellectually stimulating atmosphere. The event received enthusiastic participation, blending finance knowledge with interactive gameplay. Students showcased critical thinking, teamwork, and quick decision-making under pressure.

Finance Among Us successfully promoted financial awareness through experiential learning and creative engagement. *Finance Among Us* was a unique and innovative event that redefined traditional finance quizzes by integrating real-time strategy and deduction elements. The event not only tested participants' financial aptitude but also their analytical and social intelligence, making it one of the most memorable and impactful events of the fest.
